April 25, 2022

The Honorable Rosa L. DeLauro,
Chairwoman
Committee on Appropriation
The Capitol Washington, DC 20515

The Honorable Kay Granger Ranking
Member
Committee on Appropriation
The Capitol Washington, DC 20515

Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the Lake Charles Airport Fire Station - Aircraft Rescue and Fire Fighting project in the Fiscal year 2023.

The entity to receive funding for this project is 500 Airport Blvd. Suite 104, Lake Charles, LA 70607.

Funding would be utilized to add a centralized operations center, living quarters and hardened fire truck bays to support airport daily operations and ensure better preparedness and resiliency during and after major weather events.

I certify that neither I nor my family has any financial interest in this project.

Respectfully,
